

## 20' LIGHT CURTAIN instructions 04/21

1 - SET UP PIPE AND DRAPE with the WHITE DRAPES on the rod FIRST.

>feet on floor

>put adjustable legs on feet pegs (do not extend legs yet)

>extend cross bar and put white drapes on the bar distributing equally

>attach the bar/drapes to the adjustable legs (WATCH OUT FOR DIRTY FLOORS!)

2 - INSTALL THE HOOKS IN THE TOP OF THE LEG POLES TO SUPPORT 2<sup>ND</sup> CROSS BAR.

>hooks go in the top holes at the top of each adjustable leg

3 - PUT ON LIGHT CURTAIN ON THE SUPPORT POLE –

>extend 2<sup>nd</sup> cross bar out and put lighted curtain on that bar

>hang bar on the hooks you put on legs earlier

>if you have a 2<sup>nd</sup> drape, keep adding bars/hooks/legs/feet as necessary.

4 – RAISE ADJUSTABLE LEGS

>raise legs one click at a time going to the other legs to raise evenly. FLUFF CURTAINS!

5 - PLUG IN CURTAINS with a HD cord.

6 - TIE CURTAINS with ties if that is your design.

7 – PRESS LIGHT CHANGING BUTTON

>press the button on the control box to the light function you like.

# DO NOT GET WET !!
