FAQ:

How much ice will I need?

1/2lb of ice will make a 6oz snow cone.

How much syrup should I use to flavor my snow cone?

One 6oz snow cone will take 2 ounces of syrup. Cones will not hold more than that.

Can I use block ice to make snow cones?

You can use block ice to produce snow cones if you first break it down into pieces 3-4 inches in size. Ice will not fit in the horn if the pieces are too large
